Abstract: This authority and responsibility are among those delegated to BSEE. The regulations at 30 CFR 291 concern open and nondiscriminatory access to pipelines and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTLs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

The BSEE uses the submitted information to initiate a more detailed review into the specific circumstances associated with a complainant's allegation of denial of access or discriminatory access to pipelines on the OCS. The complaint information will be provided to the alleged offending party. Alternative dispute resolution may be used either before or after a complaint has been filed to informally resolve the dispute. The BSEE may request additional information upon completion of the initial review.
